Another school year draws to a close. High School Seniors are prepared for their next adventure. 8th graders are anxious about high school. 6th graders are sentimental about their days in elementary school. Our many new retirees are wondering how the years went by so quickly. Others are relieved to come to the end of another school year and take time off to rejuvenate.

Our teachers, teacher librarians and nurses have dedicated another year of their lives to public education. You are the ones who spent countless hours preparing those elementary students by teaching them to read, write and explain their answer in math. You are the ones who reach out to bridge the elementary and high school years during the tumultuous intermediate years. You are the ones who encourage those high schoolers to make good choices so that they pick a path that will lead to success in life.

You are the ones who put the right book in their hands or help with their medical needs or reach out to assist a colleague. You made a difference. This year was certainly time well spent.

Enjoy your own time this summer traveling, relaxing and taking time with those you love. Thank you for all that you do for the students of GGUSD and being supportive of one another. I have so enjoyed my time as president. You have made it all worth while!

YOU are GGEA!
