Our ability to connect with every member on school sites around our shared values is the foundation of building the necessary power to continue in our roles as advocates for students, colleagues, the teaching profession and public education in California. Please consider joining your colleagues from across Southern California as we hone the practice of building relationships by developing our skills and knowledge through **multiple course offerings**." **Dedicate Your Miles to Kids Fighting Cancer**

Cancer is the leading cause of death by disease for children under the age of 19 in the U.S. One in 285 American children will be diagnosed with cancer by the time they are 20 years old. Whether it's your child, a neighbor, or the relative of a colleague, the chances are strong that someone you know will have their lives shattered by pediatric cancer.
